# SIXTH ANNUAL CNA EDUCATORS RETREAT

## Caring: The Heart of CNA Practice

ARIZONA STATE  
BOARD OF NURSING  
Joey Ridenour, Executive Director

### THIS YEAR'S PROGRAM AND FEATURED SPEAKERS

The Annual CNA Educators Retreat offers a unique opportunity for NA instructors and coordinators to network with colleagues and learn effective, innovative teaching techniques. This year, retreat organizers have put together a program that will address various aspects of *caring*. From the viewpoint of the educator and perspective of the nursing professional to the viewpoint of family members and Alzheimer's residents in nursing homes, caring is the heart of CNA practice. Join us for this enriching event. Register now!

*Just as the heart brings 'life' to the body...so caring brings 'life' to the care we provide.*

### With Additional Presentations From D&S Diversified Technologies, AZ Department of Health Services and the AZBN Executive Panel

#### CAROLYN COURT

Caroline Court is a retired journalism/English teacher and freelance writer who turned her attention to elder advocacy when her mother was diagnosed with Alzheimer's in 2002. *Mum Alzheimer's and Me: Staying Alive* grew out of a journal record of

Court's intervention in her mother's early dementia, through custodial care at home, then advocacy as her mother entered institutional care. Court's book challenges common assumptions about *skilled care* and offers sometimes painful, sometimes funny realities of Alzheimer's disease and of life in a nursing home.

#### TENA M.R. ALONZO

Tena Alonzo is the Director of Dementia Programming at the Beatitudes Campus in Phoenix, AZ, and the Co-Director of the Palliative Care for Advanced Dementia at Vermilion Cliffs. A contributor to the *Palliative Care for Advanced Dementia Guidelines and Standards*, Ms. Alonzo is an instructor for the Residency Rotation in Palliative Care Program. She is an officer for the Alzheimer's Association Desert Southwest Chapter Regional Leadership Committee, Chairwoman of the Support Group Committee, and a long time support group facilitator. Ms. Alonzo earned her Bachelor of Science and Master of Arts degrees in Psychology from Northern Arizona University, and has spent the past two decades working directly with those with dementia, their families and healthcare staff.

#### SHEILA SORRENTINO

Health care consultant focusing on career ladder nursing programs and effective delegation and partnering with assistive personnel, Dr. Sorrentino has taught at all levels of nursing from CNA to baccalaureate and higher degree. A Mosby author since 1982, Dr. Sorrentino has written several textbooks for nursing assistants and other assistive personnel. She was awarded the 1992

International Medical Films Award for her work on skills videos and the Alumni Achievement Award from Lewis University for outstanding leadership and dedication in nursing education. She was a consultant for *Mosby's Nursing Skills Videos* (selected for the 2003 AJN Book of the Year Award for Electronic Media.) Her presentations at national conferences focus on delegation and other issues related to assistive personnel.
